<u>Line #</u>	<u>Amount</u>	<u>Description / Justification</u>
A.5	\$1,050,000	Estimated Total Expenditures (when service provider is not known) were derived by calculating the average cost per client for similar services among existing providers from FY 2005-06 budgets times the number of clients expected to be served in the fiscal year. Staffing for this program is based upon optimum staff to client ratios with approximately 60-70% of the total costs allocated for staff salaries and benefits. This budget is for 12 months from July 1, 2006 - June 30, 2007.
B.2.a	\$495,000	If applicable, new revenues were estimated for EPSDT Medi-Cal (FFP only) given the estimated number of clients and services expected to be Medi-Cal eligible.
B.2.c	\$405,000	If applicable, new revenues were estimated for EPSDT Medi-Cal (State General Fund) given the estimated number of clients and services expected to be Medi-Cal eligible.
B.2.e	\$900,000	Total New Revenue is the total EPSDT Medi-Cal revenue including the FFP and State General Fund portion.
B.3	\$900,000	Total Revenues is the sum of all new (B.2.e) and existing revenue (B.1.h).
C	\$17,308	One-Time CSS Funding Expenditures are the sum of the following: One-time CSS funding for start-up and implementation expenditures for this program are equivalent to 6 weeks of service operations. Our County has used this method before with new programs and based on our past experience the equivalent of 6 weeks of funding seems to be a sufficient amount for Contractors to purchase most of the equipment and supplies needed for a new program. The majority of start-up funds are budgeted to purchase equipment such as computer hardware, software, cell phones, copier, fax, furniture and other office equipment and transportation for clients (if needed). Additionally, these funds may be used to secure or expand office space. Implementation funds are also needed for program staff to recruit, hire, and train personnel and will be used to develop initial program outreach strategies to get this program up and running. These start-up costs will be expended in the first quarter of FY 06-07 between July 1, 2006 - September 30, 2006.
D	\$167,308	Total Funding Requirements equals the total proposed program budget less total revenues plus one-time CSS funding expenditures.
